| Page 23, Unit 1 Exam, Question 36 | Both options "a" and "d" are correct responses. Answer key lists option "a" only as the correct answer.  
36. What information does a disaster plan contain?  
a. The steps for disaster preparedness and response  
b. Written instructions used to perform a routine activity  
c. Regulations that apply to animal research  
d. Phone numbers for the animal facility's director, managers, and supervisors  
Should read:  
36. What information does a disaster plan contain?  
a. The steps for disaster preparedness and response  
b. Written instructions used to perform a routine activity  
c. Regulations that apply to animal research  
d. Date of the last USDA inspection |
| Page 7, Question 3 | Question has been reworded to reflect the change in the ALAT Reference List.  
**New Question:** Other than the ALAT Training Manual, name the publication which you must read and study to prepare for the ALAT certification exam. |
| Page 17, Chapter 4: Bonus | Crossword puzzle missing clue for 26 down.  
26 these can be toxic when inhaled |
| Page 105, Question 1 | *domesticus* added to option 3  
1. c. *Gallus gallus domesticus* |
| Page 123, Final Exam, Question 4 | Question has been reworded to reflect the change in the ALAT Reference List.  
4. Which of the following documents are you required to study for your ALAT certification exam?  
a. PHS Policy  
b. Guide for the Care and Use of Laboratory Animals  
c. AVMA Guidelines on Euthanasia  
d. Good Laboratory Practices |
| Page 129, Answer Key, Answer 3 | Answer deleted to reflect the change in the ALAT Reference List.  
Delete "Animal Welfare Regulations" as a correct answer.  
"Guide for the Care and Use of Laboratory Animals" is the only correct answer as of spring 2011. |
